THE HOUSEWIFE

BAKED BEAN SALAD

Four hard-cooked eggs, 1 teaspoon anchovy paste, 1/4 teaspoon paprika, 1/2 teaspoon celery salt, 2 teaspoons mayonnaise, 2 cups cold baked beans, lettuce, tomato dressing. Cut eggs in half lengthwise; remove yolks and mash to a paste with anchovy, paprika, celery salt and mayonnaise.

RASPBERRIES IN SEASON

The raspberry is easily the most important bush fruit grown in Canada. It is now in season, and the

recipes given below are suggested by the Fruit Branch, Dominion Department of Agriculture.

RASPBERRY BLITZ TORTE

1 1/2 cups sifted cake flour
1 1/2 teaspoons baking powder
4 egg yolks
4 egg whites
1 cup sugar
4 cups raspberries
5 tablespoons milk
1/2 cup butter

Sift flour with baking powder three times; cream butter and sugar, add egg yolks, one at a time, beating thoroughly after each addition; add flour and milk alternately in small amounts, beating well. Spread in two greased 9-inch layer cake pans. Bake in a moderate oven for half an hour. Make a meringue by heating egg whites with 1/2 cup sugar until the mixture will stand in peaks. Spread on hot cake and return to the oven. Bake until meringue is browned. Spread with sweetened crushed raspberries—between the layers and on top. Serve with whipped cream, if desired.

RASPBERRY MUFFINS

2 cups flour
3 1/2 teaspoons baking powder
1/2 teaspoon salt
3 tablespoons sugar
2 tablespoons butter
1 egg
1 cup milk
1/2 cup fresh raspberries

Sift flour, baking powder, salt and sugar. Beat egg well; add milk and melted butter. Make an indentation in the flour and pour in milk and egg; mix; add berries and pour into well greased muffin pans. Bake in a moderate oven 25 minutes. Serve hot.

RASPBERRY ICING

Thoroughly crush 1/2 cup fresh red raspberries with a fork. Add 1 tablespoon melted butter with sufficient icing sugar (about 1 1/2 cups) to make of the required stiffness. This is an excellent icing for plain white cake or chocolate cake.

RASPBERRY CAKE

1 cup brown sugar
1/2 cup butter
2 eggs
1 cup raspberries
2 cups flour
1 tablespoon milk
4 tablespoons baking powder

Cream butter and sugar; add egg yolks and beat well; add berries and milk, then flour sifted with baking powder. Lastly fold in the stiffly beaten egg whites. Bake in a buttered loaf pan for 40 minutes.

the current issue of C.I.L. describes how the new rubber, Neoprene, unlike natural rubber, resists the deteriorating effects of sunlight, heat, oil, acids and gases. Cable manufacturers are using it to insulate electric wires and cables because it will resist flame and thereby lessen fire hazards.

TENDER

Tenders will be received until August 16th, 1937, for the position of Janitor for the new Quesnel High School for the period from September 1st, 1937, to July 31st, 1938. The lowest or any tender not necessarily accepted. Address all tenders to Secretary Quesnel High School, Quesnel, B.C.

By order of the Board.
W. B. COULDWELL,
Secretary.

TENDER

Tenders will be received until August 16th, 1937, for the purchase and removal of the old main school building and outhouses. Further information may be obtained from any one of the three Trustees. The lowest or any tender not necessarily accepted. Address all tenders to Secretary Quesnel High School, Quesnel, B.C.

By order of the Board.
W. B. COULDWELL,
Secretary.

QUESNEL, B.C.

WELLS, B.C.

The Mining Industry of British Columbia

BRITISH COLUMBIA HAS PRODUCED MINERALS OF AN AG-
GREGATE VALUE OF \$1,515,728,149 00

The gross value of the industry for the first six months of 1937 is estimated to be \$36,333,540.00. This is an increase of 53.4% over the value for the corresponding period in 1936.

Indications are that this year's production will exceed that of any previous year in value, which is a splendid commentary upon the stability of the mining industry in this Province. New properties are being brought into production, and with the reopening of old properties, mill capacity will be considerably increased over last year.

FOR AUTHORITY INFORMATION REGARDING THE INDUSTRY APPLY TO

Office
Dog

"Why did you flirt with me?" demanded the young man bitterly. "Why did you let me take you motoring every day? Why did you let me take you to theatres and cinemas every night? Why did you encourage me when you were already engaged?" Sadie hunched her head demurely and replied: "I wanted to test my love for David."

Mrs. Duff: "Aren't these eggs rather small today?" Schmonsky: "Yes'm; but the farmer who sells me my eggs had to start to town early this morning and took them out of the nest too soon."

Lecturer—Allow me before I close to repeat the words of the immortal Webster—

Listener—I'm goin' to get out of here if he's going to start in on the dictionary.

Fond Father—The man who marries my daughter will win a prize. Young Man—That's a good idea. Is it a cash prize or just a cup or something?

"What are you doing here?" asked the mistress of the house, haughtily. "Aren't you the man I saw in prison last week?" "Yes, mum" replied the ex-prisoner. "I'm returning the call."

Little Betty Junior had attended a talk by a returned missionary. "What did he tell you about the heathen?" asked their grandmother. "Oh, he said that they were often very hungry, and when they beat on their tumtums, it could be heard for miles."

Mr. Tiltnose—No, I don't want to buy that horse. He looks as though he had a mean disposition.

Negro Attendant—You mustn't mind dat, bos. He jus' got dat run-in' in sulky races.

MAN MADE RUBBER IS CHEMISTRY'S LATEST

Rubber from coal, limestone, salt and water? Sounds incredible yet it is true. The chemist has produced it and it has already demonstrated its superiority for certain industrial uses over natural rubber. A writer in

MR. FARMER!

Perhaps no one realizes more clearly than the man who has to use an old, worn-out binder just how troublesome it is to harvest with a machine that has long passed its period of effective usefulness.

But such equipment is not only bothersome to work with, it is also often a source of constant expense to keep in any kind of going condition, and also a potential source of loss in grain through its inability to work well. In other words there comes a time when it is advisable to replace an old binder with a new one. It pays to keep equipment up-to-date.

If you need a new binder for this year's harvest—be sure to get complete particulars of the latest Massey-Harris binder. The name "Massey-Harris" on a binder has come to mean to farmers everywhere that it is the binder that will handle difficult crop conditions better than any other; that it is the binder that is built stronger to last longer and to cost less for upkeep; that it is the binder that saves twine on every sheaf; that it is the binder that is easy to operate; that it is the binder that is lighter in draft on account of its sturdy construction and its extra roller bearings; that it is the binder that can be depended upon; that it is the best binder made.

The Massey-Harris binder for 1937 has many features that have been developed recently, that is why we would like you to get in touch with your local Massey-Harris dealer.

Golf Notes

With a net score of 72, off 10 handi-cap, Reg. Wilde emerged the winner of the Men's Monthly Handicap, ably assisted by his caddy, John Lazzarin. The field was small, only nine entries, and the high scores turned in would seem to indicate the general lack of interest taken in the golf club at this stage.

For the qualifying round of the club championship next Sunday, members are requested to be at the clubhouse at 10:30 a.m. Medal play will be the order of the day, and players are asked to adhere strictly to the rules, both local and rules of the game. The club is the possessor of a new new cup, kindly donated by Mr. R. Wilson of P. G. E. fame, for competition, and is to be named The P. G. E. Manager's Cup. The match committee, when they next meet, will decide the nature of the competition. Regarding this, a few suggestions have been offered, among others a Mixed 4 Ball, a Mixed 2 Ball handicap, Medal and Match play, and a Men's handicap. Further suggestions are invited and the decision announced in this column next week.

SNAPSHOTS

Fred Vaughan fanning twice on the 1st tee and Jim Pearson registering Mephistophelian mirth.

Marge, the office stenographer, with a yen for statistics, says, "If all your snapshots were placed together they would not put the furnace fire out."

WELLS UNITED CHURCH SERVICES

AUGUST 15—"The Lord's Prayer; Prayer for Forgiveness." Children's story, "He Made His Own Breaks," at the Barkerville school at 3 p.m. Evening Service at Wells at 7:30.

AUGUST 17—Wingdam Community Hall. Colored Lantern Slide Lecture, under auspices of the British and Foreign Bible Society. The subject of the lecture will be, "Britain's Bible vs. Moscow's Money." It is a story that startled the world when Britain paid \$500,000 to Moscow for a single copy of the Bible. Britain through the Bible Society, is sharing her Bible with all the world. Eleven million copies each year in over 750 languages.

As well as the Wingdam showing they will be shown in Barkerville Wednesday, August 15, at 8 p.m., and in Wells Thursday, August 19, at 8 p.m.

REGULAR SERVICES AT STE ANNE'S CATHOLIC CHURCH

The regular services will be held on the fourth Sunday of each month, and services will be as follows:

Mass on Sunday at 9 a.m.; Benediction at 7:30 p.m.; Sunday School after Mass and at 2 p.m.

CHRISTIAN SCIENCE

A Christian Science service is held every Sunday morning at 11 o'clock at the home of Mrs. Grant Grinder, North Quesnel. All are cordially invited.

CAR SMASH ON PRINCE GEORGE ROAD

While driving to Prince George last Sunday, the two cars of C. Fuller and R. Mackenzie had a rather bad crash

in the vicinity of Stone Creek. Mr. Fuller's car, a new Ford, was struck on the rear door and fender, and suffered considerable damage. Mr. Mackenzie's, a heavier car, was not so badly damaged. Both cars were able to proceed under their own power.
