

PLANNING for TOMORROW'S FARMING

Dominion Experimental Station
Prince George, B.C.

As usual Field Days are being held at the Prince George Experimental Station and on the Illustration Stations in the surrounding districts. An excellent program is being lined up for each of these days. The speakers who will be in attendance are prepared to deal with all problems relative to every phase of farming. It is of special interest to the ladies that Miss Black, an authority on nutrition, will be a guest speaker. She will be prepared to address the ladies in attendance, and discuss your problems relative to the proper nourishment of your families. I would suggest to you ladies from both the towns and country that you make a special effort to attend the Field Day in your district and hear Miss Black talk on this subject.

Bring the old man along too. I am sure he will find something of interest before the day is over and be glad he came.

The dates are as follows:
Quesnel, Friday, July 4.
Pr. George, Thursday, July 10.
Australia, Friday, July 11.

I repeat, make a note of the day you wish to attend so that you do not overlook it later.

Surveyor-General of British Columbia Reports

IMPLEMENTING the policy of the Provincial Government to accelerate survey and mapping work to assist in the more rapid development of known and potential natural resources, the Surveys Branch, Department of Lands and Forests is now organizing several field parties. The lack of trained personnel, primarily caused by war circumstances, is gradually being overcome.

The demarcation of the British Columbia-Yukon Boundary line is continuing. This survey is a joint undertaking of the Federal and British Columbia Governments, but a British Columbia party is doing the work. This season the line will be run easterly from the Swift River towards Watson Lake.

The Air Surveys Division, recently established, will carry out extensive air photography, the results of which will provide immediate data for many engineering projects and detail for an extensive mapping programme.

Planned aerial surveying projects for 1947, if carried out, are so comprehensive that the areas covered will exceed the total work of previous years.

Published during the past year were:

1. Revised and reprinted editions of Map 4-F, Lower Fraser Valley, 2 miles to 1 inch, which covers the area from Port Coquitlam to about 20 miles east of Hope.
2. Map 3-C, Quesnel pre-emption series, and
3. Highway and Travel Map.

A back-log of fourteen large scale manuscript maps covering sections of Vancouver Island, and prepared from surveys carried out by the Topographic Division during the last ten years, have been revised and shipped to Ottawa. These data will provide the basic coverage and meet the requirements for the reproduction of ten Standard National Topographic Series maps on the scale of 1 mile to 1 inch.

The postwar industrial upsurge and heavy tourist traffic is reflected in the greatly increased demand for maps. Over 29,000 were distributed by the Geographic Division during 1946.

There is still a supply of B.C. Gazetteers left, giving approximately 25,000 place names throughout the Province. These are for sale at \$3.99 per copy and may be obtained by applying to the Surveys Branch of Department of Lands, where maps likewise can be secured with price list on request.

DEPARTMENT OF LANDS AND FORESTS

PARLIAMENT BUILDINGS VICTORIA, B.C.

Hon. E. T. Kenney, Minister.

It's Long - it's Low - and you'll love it!

Young or old, you thrill to the sparkle of its massive grille, easily, clearly, the smartest on the road.

Grandson or grandpa, you take in the flowing sweep of those follow-through fenders—and unerringly spot in them the style-note destined to key the whole trend of car design.

Note that bonnet... sturdy, streamlined cradle for a massive Fireball valve-in-head straight-eight that wakes with a purr, pulses with power, fairly pleads for the privilege of taking you places.

Take in the great and gracious room so cunningly provided under sweeping roof lines... the wide, deep-cushioned seats.

Watch a Buick on the road—marvel at the down-to-earth

sureness of low-slung weight, the easy tripping stride of a car cradled all around on soft coil springs.

Handling? A dream. Controls? Light as a kite. Value? Match a Buick point by point against the field. Nowhere today does a dollar buy a bigger measure of comfort and quality—or as great assurance of long and happy returns on your investment.

So many people want Buick, and only Buick, that the demand continues far ahead of our ability to deliver. But this big, brawny beauty deserves your last ounce of patience... so while you wait, depend on your Buick Dealer's expert service to keep your present car on the road.

TIPS TO SAVE EYE STRAIN

Rest your eyes at frequent intervals, when doing close work. Look at a blank wall, or some distant object. Use your eyes sparingly during illness or convalescence when they are particularly susceptible to fatigue, and always read with adequate, steady light, properly located. Avoid reading in bed for extended periods, or in moving vehicles. These tips of sight saving come from National Health Authorities, at Ottawa.

IN THE MATTER OF LOTS 7 and 6735, Group 1, Cariboo District.

PROOF having been filed in my office of the loss of Certificate of Title No. 18268F to the above mentioned lands in the name of His Majesty the King in the right of Canada, represented by the Soldier Settlement Board, and bearing date the 14th of November, 1919.

I HEREBY GIVE NOTICE OF my intention at the expiration of one calendar month to issue to the said His Majesty the King in the right of Canada, represented by the Soldier Settlement Board, a Provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

DATED at the Land Registry Office, Kamloops, British Columbia, this 11th day of June, One thousand nine hundred and forty-seven.

C. F. MACLEAN,
Registrar.

Ration Notes

There will be more sugar available in July when five canning sugar coupons will become valid. On July 3, 7, 8, 9 and 10 will comprise the second instalment of canning sugar. Coupons S54 and S55 will also be good on that date. One additional coupon, S56, will become valid on Thursday, July 17th.

The Wartime Prices and Trade Board has announced that during the months of July, August and September, the meatless days regulations are being modified to allow the serving of wieners and frankfurters on Tuesdays and Fridays, in order to allow them to be sold at fairs, picnics, or out-of-door conventions.

The new order, however, makes no change in meatless day observance as applied to hotels, restaurants or public eating places.
