**PLAN EXTENSIVE TESTS OF N VALLEY CREEK PLACER AREA**  
 According to The Wells Chronicle, the Inland Dredging Co. of San Francisco plans on importing a small shovel soon to undertake testing of placer ground at Valley Creek, located near 9-Mile Lake. If the tests prove the ground to carry commercial values, it is reported that a dredge will be installed on the property during the winter months, and be ready for operation in the spring. This is the first dredge operation in that area since Antler Creek.

**HERE'S MAGIC IN PAINT**

Just one coat of B-H "Fresconette" covers unsightly kalsomine, wallpaper... gives you gay walls with a satiny, washable surface. Dries to the touch in a couple of hours.

**New Secretary Takes Over At Quesnel Hospital**

Miss Margaret Heseltine arrived in Quesnel from Ontario, and on June 24, took over the position of hospital superintendent, recently vacated by Mr. E. A. Winder, who held the position for twelve years. Miss Heseltine, who came here from Fort William, Ont., where she was superintendent of the Children's Aid Society, has had over 20 years' experience in executive positions in social and medical-social agencies in England and in Canada. She was twelve years executive secretary of the social welfare work of the Bermondsey Settlement, which carried on extensive social, medical and educational work in the London slums. Coming to Canada in the spring of 1939, Miss Heseltine's appointments have included the superintendency of Gordon Neighborhood House, Vancouver, and work in the Children's Aid Society of Windsor, and latterly at Fort William.

Roi Kelly, well known Marguerite merchant, was in town during the week.

Thomas Riegel and James McTaggart of Flint, Mich., are spending the next few months in Quesnel and district.

**PREVENTION!**  
 A MESSAGE TO THE PEOPLE OF BRITISH COLUMBIA—

In the past, British Columbia has averaged about sixteen hundred forest fires a year, with a resultant loss in standing forests, felled timber, equipment, buildings, and other values. Our bill for these losses, plus the cost of fighting forest fires, has amounted to hundreds of thousands of dollars a year. The easiest fire to fight is the one that is never started. When in the woods, BE CAREFUL WITH FIRE! PREVENT FOREST FIRES!

E. T. KENNEY,  
 Minister of Lands and Forests.
